The Way Through

Here is what is:

If we acknowledge Jesus, He will direct our path. What this doesn't mean is that we have to be as strong as Him, as perfect as Him, as good as Him, as pure as Him, as unwavering and steady as Him, etc.

We must acknowledge Him. We must recognize that all good things come from Him. We must remember that all things do work together for good when we trust Him. We must be reminded that the Lord has a specific plan for each of us, and when we acknowledge Him, He directs our paths and leads us to that plan.

We must remember that our Father has promised to care for and protect us. We need to be mindful of the fact that He has always kept His promise.

The Truth Remains:

You and I are safe because of the promises made and kept for us. When we acknowledge Him, He directs our path to the plan that He has for us. Participating in His plan is where true happiness and safety reside. Living in His plan is where we belong. This is the way through.

Thank you,

Cobb Ware
Board Chair

Pilgrim Applications

Please help us with pilgrim applications. Pilgrim applications will not be considered to be complete unless: (1) There is a signed application from the pilgrim. (2) There is a completed sponsor sheet from the sponsor for that pilgrim. (3) There is a deposit of \$25. If it all possible please send these all in at the same time to ensure that our lists are up to date and accurate.

Thanks!

Applications

We are in the process of "revamping" our data base for CMWE. We would really appreciate your cooperation. 1) In order for you to work on a team, the team selection committee must have an application. Applications are discarded each time you work on a team and another application must be submitted to have on file for you to serve on future walks. Consider filling out a new application while working a walk and handing it to your Lay Director. 2) If you are a future Lay Director and the team selection committee has given you a list of names, turn in any misinformation you find to Paula Stubbs. If this is not done, then we pass on the same incorrect information time after time. Thank you for you help.
